EDUCATION

Currently pursuing B.TECH (CSE) from Amrapali Group Of Institutes with 78.2%.
Completed my schooling from Sikhsha Bharti Senior Secondary School Khatima with 76% in year 2018 , and in high school I got 8.6 CGPA.

Academic Project

1. **Restaurant API (Using PHP , MySql)**

   Aim of this project was to create a web application in which we can order food online from a shop and and check the order history also .

   https://prestaurant.herokuapp.com/

2. **Library Management (using Angular , Express , MongoDb and Node.js)**

   It includes managements of all different different department books and management of book issued to student as well as teachers .
   https://librarymanagement1200.herokuapp.com/

3. **Group Chat (Using React , Express , MongoDB , Node.js)**

   It includes creating group and as many as person can join the room . I use socket.io to achive this application .
